

UNIPORE Air Gun *Air Blow Gun*

Applications >>>

- *Compressed Air and and Nitrogen Blow
- *Rinsing Equipment and Print Board
- *Precision Machinery, Micro Electric Parts

Features & Benefits >>>

Features	Benefits
0.01μm Hollow Fiber Micro Filter	Clean air is obtained High flow rate
Compact and Light Weight	Easy to use
Oil Free	for Clean Room
Exchange filter type	Eco-specification

Specifications >>>

Application	Compressed air, and Nitrogen
Operation Temperature	5°C ~ 50°C
Maximum Operation Pressure	0.4MPa
Filtration Area	80cm ²
Particle Retention	0.01μm
Weight	Body 120g Filter 11.5g Coil Hose 260g Socket 24~26g

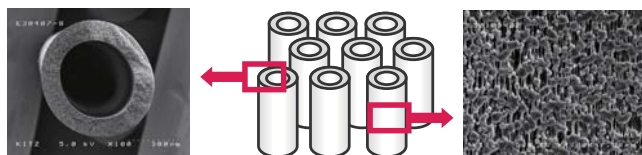

Product Code >>>

	General Use	Clean Room
Air Gun Unit (including 2 filter elements)	AGN-14	CAGN-14
Exchange Filter (including 2 filter elements)	AGNC-80N1-14	CAGNC-80N1-14

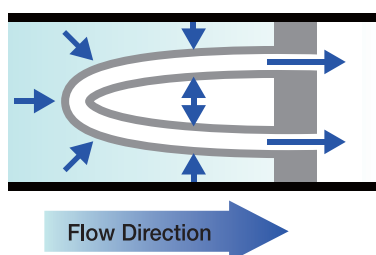

Option Parts

Product name	Product code	Specification
Coil hose	HOSE-1	Coil hose for clean room
Socket	TS-2NZP(TS-2WS)	Socket PT1/4(oil free)
	TS-3NP(TS-3WS)	Socket PT3/8(oil free)
	TS-4NP(TS-4WS)	Socket PT1/2(oil free)

Filter Structure >>>

Stream through from outside to inside of Hollow Fiber

Flow Characteristics >>>
